The application period for Fall 2021 is September 6 - 17.

This program intends to establish consistent foundational knowledge across current and future employees and student workers. The Information Session consists of a 10-15 minute overview of the UC San Diego Financial Accounting Program followed by Questions & Answers.

For more information, please visit: [UC San Diego Financial Accounting Program Information Session](#).

Oracle Scheduled Maintenance

The Oracle production environment will be down for maintenance on August 31st from 9:00 PM – 11:00 PM PT.

This will impact the following services:

- Concur
- Concur Travel & Expenses
- Oracle Procurement
- Oracle Payables

Please plan for a 3% general increase - see rates for the next 5 year agreement are currently pending. In the meantime, please keep in mind the price will not be precise reflection of individual use, but rather a fair mechanism for aggregating and averaging communications charges over departments.
