In recognition of Domestic Violence Awareness Month this October, Health Promotion is hosting a series of workshops to talk a little bit about relationships - why we have them, how to build healthy ones, and how to break up. Join us October 3, in JMAC Classroom 141 at 7pm for the first workshop in the series - DTR: Define The Relationship - to explore romantic relationships in college, from how we define them, to breaking up with them, and how to say goodbye like an adult.

In addition to the workshops, Health Promotion is hosting a community organizing institute on October 4 from 12:00pm to 6:00pm in Sturm Hall, Lindsay Auditorium. Featuring Congresswoman Diana DeGette, State Senator Mike Johnston, State Representative Janice Drenner, and a panel of lawyers and community organizers. The forum will open with very brief lightning talks on the theme of a more inclusive and engaged society. The focus will then shift to a Community Organizing Institute where attendees can engage with community organizers and vote on issues. It is an opportunity to learn more about organizing, build community, and turn energy into engaged work. Topics include privilege and oppression, identities, self interest, power, planning and implementing a public action plan, and more!
