A Note From Parent to Parent

Happy Fall Y'all!

I just want to let you all know that your voice is important to the journey you are traveling on. It is not an easy journey. As parents, our plates are so full and it can be overwhelming and sometimes

you may feel lost. It is full of ups and downs. You are the expert on your child and your voice is important. You are your child's best advocate. You are not alone on this journey, we are here to walk beside you. Do not hesitate to call us if you need a helping hand! Together, we can make this a better place for our children and adults with disabilities.

We will be hosting a Legislative Meet and Greet in November and if any of you want to share your story, please reach out. Our stories can change legislation for those with disabilities for the better.
