Dean Fernando Miralles-Wilhelm

Message from the Dean

Dear Students, Faculty, Staff, and Alumni,

I hope this newsletter finds you well and engaged in your pursuits. Whether you’re navigating the challenges of a global pandemic, adapting to new technologies, or simply enjoying the sights and sounds of spring in Virginia, I encourage you to take advantage of all that Mason has to offer.

Mason Students Accepted into the Emerging Contaminants in the Environment Conference

Batool Murtadha, a Mason doctoral student and researcher in the Foster Research Lab, was accepted to present her research at the Emerging Contaminants in the Environment Conference. Her work focuses on the presence of pharmaceutical and personal care products. Other emerging contaminants, such as microplastics and endocrine-disrupting chemicals, are also expected to be discussed.
