Parent and Family Programs
Welcome to Parent Pride!

Parent and Family Programs is here to help create and maintain a positive, supportive and meaningful connection between students and their families. Whether you’re a student, parent, friend or family member, we are here to support you. We invite you to explore this website for the latest updates on how our community is working to provide students with as many experiences from the academic, service, and social values of all class years to personally experience our growth and development. Parent Pride is an opportunity for families to connect as a community, and celebrate and promote the success of our Latinx community, on and off the bluff.
