Mother's Day Thoughts

by Shamra Baez

Happy Mother's Day, moms! I hope you are all appropriately honored this month. A Note from Parent to Parent

Happy Mother's Day to all the Moms, Grandmas, Aunts and special ladies in our lives. You are doing a tremendous job with your children. It's not an easy task but the joy it brings far outweighs the hard times. This past year, you have had to endure more than you ever dreamed of and as a special needs mom it seemed that you had to really hold together a growing list of duties. I want to say how proud I am of you. You did it! It may have not looked pretty at times and seemed so overwhelming but you survived and so did your kiddos. You are resilient, strong, powerful and inspiring.

Our staff is available for help with DDA and SSI applications, understanding IEPs, and other paperwork you may need help with. Give us a call to set up an appointment.
