Dear Students and Families~

A Message from the Dean of Student Life: Wellness

As you might imagine, the COVID-19 crisis continues to change daily as do the decisions we provide important services to our students. However, let’s take a moment to reflect on some of the practices we can follow to make our campus a safer and healthier environment for all.

COVID-19 continues to present new challenges. As we begin our fall semester, these protocols may cause restrictions on spaces and programming, our commitment to your wellbeing remains our priority. Critical decisions are currently being made to maintain your safe study hard, work hard, and play hard. So come on Eagles, “let’s play”!

What can you do to contribute to the community? It’s simple.

• When entering public spaces, please wear a mask at all times.
• Keep your distance from others, as safety allows.
• Wash your hands often.
• Avoid large gatherings.
• Participate in our daily wellness check.
• Report your COVID-19 symptoms to our community.

Your list of questions is likely much longer and varied, I’m sure. If you are considering large gatherings, please keep in mind the potential spread of COVID-19 to your loved ones. As you return for the fall term, please be sure to take the necessary precautions to protect yourself and your peers.

October. More information about Violence Prevention services can be found on our Required Online Training Course.

The Recreational Sports Department (Rec Sports) is excited to serve you for the fall semester! At UWL we recognize that violence in any form can interfere with the work and learning taking place in our community. Often, someone who may be living in denial about their relationship is the primary victim of a perpetrator. We encourage survivors to seek support and resources to help them through their journey.

Additionally, we want students to know that we are here to support you for your physical, mental, and emotional wellbeing. The Student Health Center and our partners at the Counseling & Testing Center are ready to help you through this difficult time. Our staff and faculty are trained to help you navigate this challenging time of change. We are here to help you, so please reach out to us if you need anything.

Your Student Life Violence Prevention Specialist is available to assist you with violence prevention and education. If you have any questions or concerns, we are more than happy to help!

For more information about how to initiate services with Counseling & Testing, what groups and campus recess.
