Greetings from a masked Dean of Students!

A Message from the Dean of Students

As you might imagine, the COVID-19 crisis continues to change daily as do the decisions we make. As the fall semester approaches, we are adjusting our campus strategy to ensure students have the best possible experience and to keep everyone as safe as possible. Right now, the most important thing is to prevent the spread of COVID-19.

While we’re making adjustments, we’re committed to providing you with the best possible resources to help you navigate this pandemic. We’re here to support you, UWL students, through these unprecedented times.

What we know is changing daily. We’ll keep you posted. For the latest information, please visit uwlsportclubs and the UWL website.

Dining

As we look forward to the fall, we’re excited that nearly all of the buildings will have reduced-capacity meals. Wheaton’s, the student-operated restaurant, will have increased hours and be available to students and staff during the week. The student union will be open for restricted dining with new protocols in place.

While many of our dining options will remain the same, some will be closed. This includes The Spot and The Grill, which will be temporarily closed.

The student union will open with restricted dining. We look forward to seeing you there soon. The workers in the union are excited to provide the same great services in a new setting.

Please remember that as we work to prevent the spread of COVID-19, we have some new precautions in place to keep our services running safely. While we have extra precautions in place to care for you, there may be delays in some areas.

Students will receive a hold on their WINGS account prior to September 4. This is the deadline for completing Registration if the required courses have not been completed.

Please contact us by calling 608-785-8062 or emailing wellness@uwlax.edu.

Health and Wellness

We are providing COVID-19 testing for students with symptoms only. Testing is currently available at the Wellness Center and at local health clinics. Students who receive a positive test result may need to self-quarantine.

Next month, we’ll have a video of tips on self-care for students. Learn how to keep your mind and body healthy.

Our staff are committed to supporting you through these unprecedented times. We are providing physical exams with required paperwork for students and physical exams without required paperwork for students.

We are providing COVID-19 testing for students with symptoms only. Testing is currently available at the Wellness Center and at local health clinics.

The Wellness Center is committed to providing a safe and inviting environment for students, faculty, and staff. We are providing COVID-19 testing for students with symptoms only. Testing is currently available at the Wellness Center and at local health clinics.

We are providing COVID-19 testing for students with symptoms only. Testing is currently available at the Wellness Center and at local health clinics.

Student Health Services is excited to welcome you to campus soon. It is our mission to enhance your academic, personal, and social experiences during your time at UWL.

Keep an eye out for more updates and information as we prepare for the fall semester.
