## October Specials

---

### Annual IPL Special

**\$220.00 full face treatment**

**(\$100 savings)**

Intense pulsed light (IPL) treatments (also known as photo-facials) are ideal for the treatment of hyperpigmentation and discoloration caused by sun damage.

It works best for those with light to medium complexions. There is minimal down time and the post treatment effects can easily be covered with make up.

Your skin care professional may also recommend at-home skin care products such as **Pigment Control Creme** by **ZO SkinHealth** that can compliment the IPL treatment by preventing and treating hyperpigmentation or **Phyto Corrective Gel** by **SkinCeuticals** to combat some of the post-procedure redness.

Appointments are limited; please call us at 970-254-2400 to schedule.
