Check out these videos for some advice from your Eagle Guides:

---

The general purpose of Textbook Rental Services is to provide textbooks so that we can properly social distance during the checkout time period.

Textbook Rental program-which means you've already paid for (at least the majority of) the textbooks you need for the fall semester. Students pay a textbook rental fee each semester as part of their tuition to support the Textbook Rental Services operation.

Textbook Rental Services works closely with the campus bookstore to ensure that you have the proper textbooks at the right time. The bookstore regularly updates their inventory so that you are guaranteed to have the textbooks you need for your courses.

---

If you have questions about placement testing, contact the Testing Coordinator at the Learning Center: testing@uwlaux.edu. The placement test is available 24/7 for 180 days. Take the test from a desktop, laptop computer or smartphone.

It will contain a link to the exam, your name, and a unique 8-digit registration number. Fill out the registration form. The UW System will email you an 8-digit registration number for your placement test. Go here to register for the test: https://exams.wisc.edu/placement/regionaltesting/information.php

If you choose to take a placement test, you will be informed of the test results in your Advising Center & Career Services Office (Home to the Pre-Health Student Resource Center) and thereafter.

---

WE ARE ABLE TO OFFER ALL OF THESE SERVICES VIRTUALLY IF NEEDED!

---

The Student Life Office: New Student and Family Programs will be sending you information about what you need to know to begin your time at UWL. This information will be coming through the email address you provided when you applied to UWL. If you have a question, please do not hesitate to contact us!

---

Remember: no one expects a new college student to have their career plans mapped out, so take advantage of campus staff, programs, and services, who can help you explore your options. Pre-health designation means more than just pre-med.

Many students change majors during their first year, and that is OK. Spend time during the first year exploring different major options, look at what courses you will be taking in those major options, and learn about the people in those fields. This will help you identify and start to develop the skills you need to pursue those majors. Get to know yourself.

Identify and start to develop the skills you need to pursue those majors.

Come to college with an open mind about majors and careers. Even medical schools like to see a variety of majors apply to Pre-Health.

If you have questions about major exploration and career development, please contact the Advising Center & Career Services Office.

---

The Pre-Health Student Resource Center is a great place to start learning about Pre-Health. You can find information here:

http://www.uwlax.edu/Pre-Health

---

Eagle Guides are here to help everyone make the most of their time at UWL. They are a great resource for what to major in, arranging an appointment with an Academic Advisor, or meeting with a Pre-Health Advisor and Career Advisor.

Academic Advisors, Pre-Health

The UWL Academic Advising Center & Career Services Office is the best place to start looking into major options, planning a career path, and understanding the special requirements for Pre-Health students. You can find us on Twitter:

https://twitter.com/uwladvocate

and on our website:

http://www.uwlax.edu/Advising

---

Hybrid classes are necessary because the physical distancing needs in the classroom, and student organizations need to be able to maintain the on-campus component. They will show on a student's schedule as blended or in-person.

---

We are excited to think about having students back on campus! For spring classes, those courses are listed with a date/time but no location. Attendance is required. So, those courses are listed with a date/time but no location. For OS classes, the class is all online but there will be times when virtual engagement components are needed. The UWL Academic Advising Center & Career Services Office is the best place to start looking into major options, planning a career path, and understanding the special requirements for Pre-Health students.
