**UWL Counseling & Testing Center.** Charles Gilbert, (608) 785-8072, cgriffi22@uwl.wisc.edu

To access the UW Placement Exam, log into your Student Center (Accessible through your UWL e-mail). Upon completion of the test, you will need to click on a button to submit your personal information (username (your UWL email address) and a password that is unique to you (different than your Student Center password). Within 24 hours you will get an email from the Placement Testing Office with your test code that must be entered into step 2 of the registration process. You will get a confirmation email once you successfully register for the tests from the Placement Testing Office.

**Apply for Student Support Services.** Are you a first-generation student (neither parents or guardians have attended college)? Are you Low Income? Are you an ELL student? Do you have a disability? Are you a student with a parent who has passed away? If you answered yes to any of those questions, you may qualify for support through Student Support Services. The Application process is here.

**Decisions are still being made about how we will reopen this fall, so keep an eye out for updates.** Faculty and staff are excited about having students back! With masks, social distancing, and online components we are hoping for a successful fall.

Enroll in one of our Virtual Math, English, or World Language courses. Before fall term begins, you will need to take a math, English, or world language placement test to determine your academic level. You may also be required to take another test to determine your level in a specific discipline. Students seeking specific majors are required to take a Placement Test in addition to any other testing that may be required. Completion of the math, English, or world language tests is required in order to register for a math, English, or world language course at UWL. Apply for Student Support Services. (We can help you with the application process.)

**New Student and Family Programs is here to help you be a successful UWL student.** We have a variety of resources available to help you transition to college life. Visit your career advisor early and often. Identify and start to develop the skills and traits that employers seek out; these skills will help you prepare for life after graduation. We are here to help!

**Pre-health designation means more than just pre-med.** Pre-health is a design that is flexible enough to accommodate changing paths if you find something more appealing or better suited to your skills. Changing direction is encouraged. The Pre-Health Student Resource Center is there to serve student academic and career advising needs. The Pre-health Student Resource Center (PHSRC) is there to serve student academic and career advising needs. Pre-Health students are required to seek out these important skills in communication, teamwork, and leadership. They are critical in the pre-health path. Pre-Health students are encouraged to seek these opportunities to prepare for life after graduation. We are here to help!

**Complete the OSCEs.** Visit your career advisor early and often. Identify and start to develop the skills and traits that employers seek out; these skills will help you prepare for life after graduation. We are here to help!

**Research help, how to work in the library, and more!** University of Wisconsin-La Crosse is filled with involvement opportunities through student organizations, volunteerism, internships that will help you gain experience in your field of interest and build valuable connections.

**College is a time of major transition for most students.** The UWL Academic Advising Center & Career Services Office (AACCS) offers advising and assistance to students in determining a course of study. You may have a faculty advisor within your chosen department, or it may be an assigned counselor. Prior to the start of the semester, each student will receive communication from their advisor in the Academic Advising Center & Career Services Office (AACCS). The Advisor and Career Advisor in the Academic Advising Center & Career Services Office (AACCS) is there to serve student academic and career advising needs. Within the Academic Advising Center & Career Services Office (AACCS), you will find services to help you through your research process. See our Reference Services webpage for up-to-date information on what we have available. A few key resources to be aware of as you begin your time at UWL include:

- **Library and unused classrooms open for students to study or listen to and more richly engage with course materials.**
- **For OS classes, the class is all online but there will be times when virtual components can be added to enrich the learning experience.**
- **Hands-on components (such as labs and the visual & performing arts) and online components we are hoping for a successful fall.**

**Are you a first-generation student (neither parents or guardians have attended college)? Are you Low Income? Are you an ELL student? Do you have a disability? Are you a student with a parent who has passed away? If you answered yes to any of those questions, you may qualify for support through Student Support Services.** The Application process is here.

**Let’s do this together.** Faculty and staff are excited about having students back! With masks, social distancing, and online components we are hoping for a successful fall.

**Mark your calendars for the Virtual Part-time Job Fair.** More information will be provided as we prepare for life after graduation. We are here to help!
