Fight Medicare Cuts Using TMA's "Stop Medicare Cuts Tool Kit"

Once again, physicians face cuts to their Medicare payments in 2024 unless Congress acts to prevent them. The new cuts will be 3.37% starting Jan. 1, 2024, on top of the 2% cut that took effect this year.

The Texas Medical Association is calling on Congress to fix Medicare to ensure patients have access to physicians' care.

Please use these flyers and slate cards in your practice to share medicine's message about Medicare payment issues. Right-click to download each piece you choose to print.
