- **August:** Receive housing assignments
- **8/2:** Deadline to register and pay for Airport Shuttle
- **8/22:** Deadline to complete Plagiarism Test
- **August:** Reminder to contact [Dr. Beer](#) to take Latin placement exam
- **8/23:** Move-In Day

Classical and Early Christian Studies Course Offerings

To be admitted to LATN 199, LATN 311, or LATN 421 students must pass a placement exam. All entering freshmen who have studied Latin and wish to enroll in LATN 199 or an upper-level Latin course should contact Dr. Andrew Beer (abeer@christendom.edu) to make arrangements to take the Latin placement exam. See Classical and Early Christian Studies [Freshmen Course Offerings guide](#).

Dr. Andrew Beer

Associate Professor, Classical & Early Christian Studies

Choosing Mathematics and Science Courses

Welcome to Christendom! I hope you are having a restful summer amid all the busyness of preparing for the coming year. As a help for planning your course schedule for the fall semester, I would like to offer some specific guidance in choosing your mathematics or science course. As you may know, the College requires one mathematics course and one natural science course to fulfill the core curriculum requirements. The course descriptions for our Fall 2019 core [course offerings can be found here](#). You have the option to take your mathematics and science courses in either semester, but some courses will not be offered in both fall and spring semesters. As a supplement to your professor's office hours, the College provides free peer tutoring for MATH 102, MATH 150, and MATH 201. If you have any questions, please don't hesitate to contact me by e-mail
