Colombian Journeys

- **Did you know...?** Colombia is the second exporter of flowers in the world after the Netherlands and it is recognized for exporting a great variety of exotic flowers, of the highest quality and with the best colors and sizes.
- **Visit to Hacienda La Ramada.** Depart from Bogotá towards Hacienda La Ramada, located about one and a half hours from Bogotá in a nearby town called **Funza**. This is a Colonial Era House built in 1776 by the Marquis of San Jorge and is part of a family legacy passed down for generations. During the stay in the Ramada, there is a guided tour to the flower farm that started in 1969 and **currently exports high quality flowers to 35 countries around the world**. The house is surrounded by crops of flowers, and it stands over an indigenous territory which brings its visitors the opportunity to know a little bit more about the history of Colombia. As visitors walk through the crops, they can observe mother plants and

cuttings. It continues with the process of cutting, filtering and wrapping of two types of flowers. The next step occurs in the post-harvest sector where visitors can appreciate the process of packing, quality control, cold room and dispatch. The visit will end at La Bouquetera where special bouquets are created and arranged. After the visit, enjoy a typical lunch and before returning to the city, get delighted with a traditional snack from the area. **Duration:** 6 hrs. approx. The tour through the flower crops is only available Monday through Saturday.

- **Combine Cartagena & Baru!** Sofitel Hotel Chain offers packages starting at 4 nights with special rates including the **Sofitel Legend Santa Clara** as an option in the Historic Center of Cartagena combined with the **Sofitel Baru Casablanca** as the option in the Island of Baru. Valid thru October 31, 2022. Please [contact us](#) for more details and information. Conditions and restrictions apply.
- **Changes in the tour to Santa Fe de Antioquia.** In pursuance of always providing the best experiences to our clients visiting Colombia, some adjustments were made to the tour to *Santa Fe de Antioquia*. Among those are: 1) On the departure journey from the West of Medellín to the West Bridge there will not be a stop at the Parque de los Tamarindos, only a panoramic view. 2) The stop at the town of San Jerónimo after lunch has been removed. We appreciate taking these changes into account when booking with us.
- **Lost City closure.** The **Lost City Archaeological Park** located in the Snow-Covered Mountain Range of Santa Marta will be closed from **September 2nd to September 16th, 2022**.
