[VIP MY CLIENTS!](#)

Dear Colleague,

I'm happy to share the news that almost the entire team at Emerging Destinations has already received the Covid vaccine!

At the same time, the latest figures from [Our World In Data](#) are encouraging: the United States has already vaccinated 40% of its population (and 50% of adults) and Canada has inoculated 25% of its people YTD.

Meanwhile, the home nations of some of our other clients — like Iceland, Uruguay and Chile — have also vaccinated high percentages of their populations and are positioning themselves as great options for post-pandemic trips.

The news is even better from Chile's Magallanes Region — home to Torres del Paine National Park — which has administered at least one dose to 60% of its inhabitants. That's the country's highest vaccination rate!

For those of you already planning a vacation for yourself or your clients, the second edition of the **Re•think Travel Virtual Trade Show** is scheduled for **June 7 to 10** (virtual format). We've already confirmed more than 50 worldwide exhibitors as well as recognized keynote speakers for the training/informative sessions. **Registration is open and free of charge for travel buyers...**and we'd love for you to join us! Register [here](#).

Lastly, we want to share some news on the Galapagos Islands from Jane's friend, Judy Carvalhal from [Enchanted Expeditions](#). Please find below the latest on the vaccination rollout at this precious spot in the Pacific Ocean as well as fam trip opportunities for the upcoming months.

Let's travel the world!

Guyana

- In spite of the pandemic we are still hopeful and optimistic that travel will return in droves in Q3 and Q4. We also know, based on research, that we are well positioned for when travel starts again, based on the type of travel experiences visitors will be seeking: nature and wide open outdoor (for the leisure travelers) and reconnecting with friends and family (for the Guyanese Diaspora). With this in mind, we have come up with a series of **Welcome Back to Guyana** videos. The four videos that you can access [here](#), are based on the four main tourism brand pillars for Guyana: Nature and Conservation, Culture, Adventure, and Birding.
- Guyana Tourism Authority rolls out "**Safe for Travel**" plan. More info [here](#).

Guyana's Great Rodeo Show

Guyana may be the wild south rather than the wild west, but that doesn't mean the local cowboys don't know how to rope cows or buck broncos like its Reno or Redmond rather than the Rupunini.

Introducing the Enchanted Travel family in the Galapagos and Mainland Ecuador
