Mandela also said, "Education is the most powerful weapon you can use to change the world."

Throughout 2020, we have looked beyond our unimaginable fear of a global pandemic, bolstered by
the hope of a safe campus, classroom, and laboratory environment or the evolving ability to leverage
technology to build meaningful virtual connections, all to provide a high quality science education,
utility, and foster innovative learning opportunities, and perform important research.
Many may recognize this quote from Nelson Mandela, the great anti-apartheid revolutionary, Nobel
Peace Prize-winning president of South Africa, included as a way to motivate against difficult
circumstances.

At the beginning of this semester, we selected a few meaningful quotes to help guide us through these
many challenges.
