the Nyumburu Cultural Center from 5:45pm to 8pm especially people of color, towards microaggressions, systematic and institutional racism, activism and its history at the University of Maryland. The State of Black Leadership is discrimination across this campus. From October 29th to November 2nd, NAACP hosted The National Association for the Advancement of Colored People (NAACP) of the University

In your file management, you can authorize others to access your files. So, why OrgSync and not Google Drive? By uploading your organization’s files on OrgSync, you will always have a backup plan in case a password gets lost or a past officer doesn’t turn over files to new officers. SORC staff members have administrative access to your portal and will always be able to give file access to the appropriate members of your organization. By using OrgSync, you can upload your organization’s files with just a click and have them ready on your website. From one place, you can manage all of your files, permissions, and roles. Organizational files can be easily and quickly shared with students and staff that you designate. When a file is uploaded, a notification is sent to all those who have file access. You can choose individual users, groups, and roles. Owners of the file can set permissions and control who can do what with the file. So, why OrgSync and not Google Drive? By uploading your organization’s files on OrgSync, you will always have a backup plan in case a password gets lost or a past officer doesn’t turn over files to new officers. SORC staff members have administrative access to your portal and will always be able to give file access to the appropriate members of your organization.
