A Message from our University Chaplain

Dear Tufts Community,

Our hearts are broken at the tragic, sudden loss of our fellow community member, Madie Nicpon, A23. Madie was a gifted and radiant friend, family member, teammate, and classmate. We are not the same without her, and this loss has impacted us profoundly. You can read the President's official message to the University about Madie here.

I have witnessed incredible tenderness and support within the Tufts community in the last few days, and I continue to recall words of solace from poets and prophets like Mary Oliver who writes that "there is always grief more than enough, a heart-load for each of us," (from her poem, "Ocean," published in Red Bird).

Grief is a natural and important response to loss, and best held with others. Healing takes a long time, and everyone's path through grief is different. Sudden loss can rupture our sense of stability, and you may feel sadness, anger, anxiety, guilt, numbness, distractedness, or loneliness in the coming days and weeks. As a member of our community, we hope that you will also share how you are feeling with people who can support you, for I believe that Valarie Kaur's words ring true: "...grieving loss in community is how the hole turns into a wound that can heal," (See No Stranger, p. 33).

The full resources of University's support services are available to you. The University Chaplaincy, along with our colleagues at Counseling and Mental Health (CMHS), and Dean of Student Affairs Office are here for you. Additionally, Goddard Chapel is open Monday - Friday between 9 a.m. - 5 p.m. for anyone wishing to come in and light a candle for Madie, to sit in quiet reflection, or to write a card in support of Madie's family or friends. If you would like to be contacted by a chaplain, please complete this brief form.
You are important to us, and we are here for you.

With care,

Reverend Elyse Nelson Winger
University Chaplain
