GW Cancer Center TAP
Technical Assistance Program

September 2024 | Vol 12 | Issue 1

The GW Cancer Center is a training and technical assistance provider of the Centers for Disease Control and Prevention (CDC) National Comprehensive Cancer Control Program.

GW TAP News

New GW Technical Assistance Program Website

The George Washington (GW) University Cancer Center Technical Assistance Program (TAP) has a new website, cancercontroltap.org to serve comprehensive cancer control professionals, coalitions and their partners.

The new site features an enhanced search function to search over 50 trusted websites for cancer control tools and resources. Tap into cancer control by visiting our new site!

Updated Breast Cancer Awareness Toolkit Now Available

The GW Cancer Center Technical Assistance Program has launched an updated version of the Breast Cancer Awareness Toolkit. This updated toolkit was made in collaboration with national partners Susan G. Komen, SelfMade Health, and Center for Black Health and Equity.

View the Toolkit

Looking Ahead

November is Lung Cancer Awareness Month

November is Lung Cancer Awareness Month! This month provides an opportunity for the wider cancer control community and institutions to promote awareness among providers and the public about lung cancer risk reduction.

View the Toolkit

GW Resource Reminder

October Cancer Awareness Toolkits

Did you know that October is Breast Cancer and Liver Cancer Awareness Month? GW Cancer Center offers a variety of health awareness toolkits that provide the cancer control community and institutions with materials to promote awareness about cancer risk reduction through primary prevention, screening and treatment.

Cancer Control Spotlight

Tennessee Pink and Pearl Campaign

The Tennessee Pink & Pearl Campaign aims to bring awareness to both breast cancer and lung cancer by combining efforts to encourage patients to get their recommended cancer screenings.

The campaign was established in 2019 by Tennessee's Breast & Cervical Screening Program, Comprehensive Cancer Control Program, Cancer Registry, and Tobacco Use Prevention and Control Program.
