Are you a member of a student organization that needs help with branding and logo design? SORC is hosting a free workshop to help you with that! For more information, go to: https://orgsync.com/31654/forms/340972

Did you know that OrgSync can make your organization roster for you? And that it's also the only roster that we accept when student groups register? All you have to do is keep your OrgSync page updated with the active membership of your student group! Here's how to do it:

OrgSync Tip of the Week: Rosters

1. In your OrgSync portal, go to the "People" tab. On the left side of the screen is the list of organizations.
2. Click on the organization you want to update the roster for.
3. Type in the email addresses of the active members of your group who are not currently in the roster.
4. Once all members have accepted the invitation, you can select "Export Portal Roster" in the top right corner of the screen. (Hint: This is the roster that organizations should attach to their SORC applications.)

Our single nominee is then reviewed by the System Student Council and approved by the Board of Regents.

Each year the University of Maryland, College Park in addition to the other institutions in the University System of Maryland nominates students for the USM Student Regent position. The USM Student Regent is a 4-year term position for non-graduating students. As the USM Student Regent, you will have the opportunity to work with and learn from the other USM Student Regents, who are chosen from each of the other USM institutions.

The Call for Applications closes at midnight on October 31st, 2018. The final examination will take place on November 6, 2018 at 2:30pm on the following dates (no appointment necessary). Will you be among the USM Student Regent finalists?
