OrgSync Tip of the Week: Rosters

How many times have you checked your OrgSync page updated with the active membership of your student group on the right side of the screen? In order to maintain your organization's active membership list, you should keep your roster up to date with your active members. The "People" tab is the only roster that we accept when student groups register. All you have to do is keep your org sync portal updated with the active membership of your student group! Here's how to do it:

1. Go to your OrgSync portal.
2. Select the "Invite People" option on the portal.
3. Type in the email addresses of the active members of your group who are not currently in the current members in your OrgSync portal.
