RAD (Rape Aggression Defense Systems): Career game plan

University Center for Freshmen Year: needs help. To sign-up, visit the website. The training focuses on developing the awareness, skills, and courage needed to intervene in a situation when another individual is in danger. This training will help students recognize when someone is at risk and empower them to take action.

The training will cover topics such as sexual violence, high-risk drinking, hazing, etc. Participants will learn how to identify signs of distress, communicate effectively, and safely intervene in potentially harmful situations. By attending this training, students can gain the confidence and knowledge they need to make a positive impact in their community.

So, why is it important to attend this training? The training is designed to empower students to take action when they witness or suspect harmful behavior. It helps them understand that they are not alone in these situations and that there is a safe and supportive environment to seek help.

The training is open to all LSU, Southern and BRCC students, faculty, and staff. The cost to attend is $25 for LSU, Southern, and BRCC students, faculty, and staff, and $45 for the public.
