- MLK Award for Excellence in Service: Kersey Meggett
- Renowned scientist is coming to campus

Student Engagement:

Tigers on Call 2019
- The mock professional school interviews, which were accompanied by an accompanying pre-health fair.
- This year's networking event brought more than 50 Clemson alumni and friends who work in health-care fields together with more than 200 students at the Hendrix Student Center on campus for panel and roundtable discussions, a mock MCAT exam, and casual networking opportunities. Students could also learn about professional and graduate degree program opportunities from regional schools attending the fair.
- Accompanying the fair is an alumni and friends volunteer event.

The event is conducted in partnership with Clemson's award-winning Michelin Career Center, were just one of the activities designed to help pre-health majors achieve their goals of pursuing careers in medicine, dentistry, pharmacology, physical or occupational therapy, and other health professions. To help pre-health majors achieve their goals of pursuing careers in medicine, dentistry, pharmacology, physical or occupational therapy, and other health professions.
