We invite you to hear more by attending an upcoming Information Session for the following dates. Please register using links below:

We appreciate the partnership with UC San Diego Division of Extended Studies and the support from supervisors across campus and health sciences.

### Cost Transfer Withdraw Issue

We have identified an issue where withdrawn cost transfers are still being processed or completed. It appears to be happening when withdrawn from the Things to Finish > Created by Me list. Oracle is already working on the issue and we will provide more information as soon as it's known.

If you need to withdraw a pending cost transfer, **do not** do so from the Things to Finish list. Instead navigate to Projects & Awards > Costs > Tasklist (paper icon) > Manage Project Costs> search for the transaction number(s)> navigate to the Adjustment History tab and highlight the pending row before selecting "Cancel Adjustment" .

Navigate to the Adjustment History tab to cancel pending adjustments:

The screenshot shows the Oracle Financial Accounting System interface. At the top, there is a breadcrumb trail: "Overview" > "Manage Project Costs" (with a close icon). Below this, a dark header bar displays "Project Cost Transaction: 32137602". A red arrow points to the "Adjustment History" tab, which is currently selected. Below the tabs, there is a toolbar with a "View" dropdown, a "Resubmit Adjustment" button, and a "Cancel Adjustment" button (highlighted with a red box). Below the toolbar is a table with the following columns: "Date", "CreatedBy", "Adjustment Type", "Adjustment Status", "Justification", and "Adjustment Source". The table contains one row with the following data: "10/06/2023", "046f345b82ac1...", "Transfer", "Pending Approval", "4 Withdrawn: C...", and "Cost transaction work area single item".

Date	CreatedBy	Adjustment Type	Adjustment Status	Justification	Adjustment Source
10/06/2023	046f345b82ac1...	Transfer	Pending Approval	4 Withdrawn: C...	Cost transaction work area single item

Do not withdraw pending cost transfers from this page:
