Cost Transfer Withdraw Issue
We have identified an issue where withdrawn cost transfers are still being processed or completed. It appears to be happening when withdrawn from the Things to Finish > Created by Me list. Oracle is already working on the issue and we will provide more information as soon as it’s known.

If you need to withdraw a pending cost transfer, do not do so from the Things to Finish list. Instead navigate to Projects & Awards > Costs > Tasklist (paper icon) > Manage Project Costs> search for the transaction number(s)> navigate to the Adjustment History tab and highlight the pending row before selecting “Cancel Adjustment”.

Navigate to the Adjustment History tab to cancel pending adjustments:
