Hello Ram Fam,

In the last few weeks, the WCU community has accomplished a lot. Now more than ever, I am reminded of our slogan "Rams Up." When things get tough, Golden Rams GET up, STEP up, and REMEMBER who we are. As your student leaders, we hope you feel supported by the Division of Student Affairs, a network of people working behind the scenes to provide continuous services and support to our students during this unprecedented semester. As you have heard many times, the decision to have courses delivered in an online format was a necessary step to ensure the health and safety of our students and employees. There have been many challenges, and we have experienced an unprecedented level of change. However, WCU is still a strong community committed to the education of our students.

General 2020 Census Information

The United States Constitution mandates a census of the population every 10 years, and 2020 is a census year. The U.S. Census Bureau conducted a test census in 2018 to prepare for the upcoming census. It is essential that you complete the census to provide important data for your community.

The Census tracks many different pieces of data. In addition to the questions on citizenship, race/ethnicity, and gender, the U.S. Census Bureau is required by law to protect this information and to not disseminate it to the Family Educational Rights and Privacy Act (FERPA). WCU will be providing directory information (name, address, phone number, and major) of students who are WCU students. This information will be protected under the Family Educational Rights and Privacy Act (FERPA) and the Family Policy Administration Act (FPA). WCU will only provide directory information if you are a WCU student or employee.
