NEW! Updates to Project & Award Data Update Application (PADUA)

- Projects now have nickname functionality:
  - When editing a project in PADUA users can now add a nickname for easier referencing.
  - Nickname will be visible on the Faculty and Researcher Dashboard in August 2024.
- Sponsored Project tasks can now be updated to chargeable or not. Any changes to this field will prompt an approval workflow.
- Various contract line updates to improve SPF internal processes with regards to new project and task setups.

NEW! Oracle Export Functionality

If over 1,500 transactions, a job called "Export Data to Excel" is initiated, generating a job ID pop-up. Once completed, a notification appears in your notifications (as indicated by the "bell" icon). Access the exported Excel file from there or from the Oracle Home Page under "Things to Finish." Depending on row count, download time varies. Alternatively, use the Process Monitor on the Overview page of Costs, search for "Export Data to Excel," and download the file from the Log and Output attachment.

Do you have ideas for Financial Process Improvements? Tell us! The Process and Systems Optimization team would love to hear your ideas on how financial processes could be improved. Submit a ticket to describe the current process, its pain points, and how you think it could be improved. All ideas are reviewed and vetted for feasibility. Use this form and select Idea to streamline a financial business process.

Cognos and Oracle Tips & Tricks
To get access to reports available on the Business Analytics Hub (bah.ucsd.edu), go to the page that houses the report and click on the "Request Access" button, which is located in the upper right corner. You'll be redirected to a form that you can fill in for yourself or on behalf of someone else.

Depending on the group that owns the report, you'll need to request access from a different page on BAH (Budget & Finance, HR/Payroll, etc.). For example, if you need access to the DOPE report, you'll click on the "Request Access" button from the HR/Payroll page on BAH.

You can find more Cognos and Oracle tips & tricks here.
