Director’s Corner

Bing high in delight, Kantara is ready for the 70th Internet Conference at the Internet Society, Nuremberg, Germany. That’s what we do.

Bing high in delight.

• Kantara NIST 800-63-3 Class of Approval: More about Kantara’s comprehensive evaluation of the NIST 800-63-3 class of approval
• Kantara CICP: Update on Kantara and Commonwealth (ONC) Executive Director, Colin Wallis. Nurture, Develop, Operate - that’s what we do.

Q&A with Ruth Puente

Why support a Kantara European headquarters? What are the benefits to members of a European headquarters?

With a solid reputation in the US, it was time to grow and include more stakeholders in the Kantara community from Europe. One of the key differences between a US and a European management structure is trust. Europe has different views on privacy and identity management to the US. We have different views on what a standard needs to be and what influence it needs to have. We have different views on how we can achieve those things.

What is something you’ve accomplished at Kantara that you are particularly proud of?

There are a few things where Kantara has made a difference in the industry and “moved the needle” for members. Being the first to market with the Kantara criteria for NIST SP 800-63-3 in the industry and “moved the needle” for members. Being the first to market with the Kantara criteria for NIST SP 800-63-3...
