Q&A with Ruth Puente

Why open a Kantara European headquarters? What are the benefits to members of a European headquarters?

We are delighted to welcome the Kantara Initiatives at FutureTrust! We are excited to announce that FutureTrust will host the Kantara Initiatives on May 12, 2019.

FutureTrust has been a strong supporter of the Kantara Initiative and is already home to the Kantara Identity and Privacy Incubator Program. In the future, FutureTrust will provide additional resources to support the Kantara European headquarters.

What's your future vision for the European headquarters?

I believe that the Kantara Initiative will continue to be a global leader in the development and promotion of identity and privacy standards.

FutureTrust Welcomes Kantara Initiative and The CARIN Alliance Sign Affiliated Alliance Agreement

Kantara Initiative announces the signing of an Affiliated Alliance agreement with the CARIN Alliance, allowing for collaboration and sharing of resources.

June 4-5, 2019 (Toronto, Canada)
