Three SCIENCE students win Goldwater Scholarships

Three SCIENCE students were named National Goldwater Scholars by the Goldwater Foundation. In total, 291 students were selected, representing a competitive pool of more than 1,000 applicants. The Goldwater Foundation provides a full four-year scholarship that pays tuition, room, and board while allowing students to earn a stipend of $1,000 per year. SCIENCE students are among the highest-ranked undergraduates in the nation, excelling in their mathematics, natural sciences and engineering.

Three SCIENCE students win Goldwater Scholarships 2019-2020
