**SCIENCE honors outstanding students**

The College of Science honored its outstanding undergraduate and graduate students April 10 at the College’s annual awards ceremony. Each year, the annual College awards feature a variety of awards to recognize the accomplishments of our students.

### Three SCIENCE students win Goldwater Scholarships

Three outstanding College of Science students are Clemson University’s winners of the 2019 Barry M. Goldwater Scholarship, a premier national undergraduate award in the fields of mathematics, natural sciences and engineering.

**Barry M. Goldwater Scholarship**

- **Ben Slimmer** in chemical engineering
- **Carlos Garcia** in biological sciences
- **Kerry Smith** in environmental sciences

These awards are the result of Clemson’s commitment to undergraduate research and excellence. The Goldwater Scholarship is considered one of the most prestigious undergraduate awards and is open to sophomores, juniors, and seniors who have completed at least two years of undergraduate study in the fields of science, mathematics, and engineering. Each year, 200 students are selected from 200 institutions nationwide to receive the award.

### Genetics major wins 2019 Norris Medal
