AP & Concur Accruals or Fiscal Close

If you missed the recent Fiscal Close Bulletins, take a look at the [AP & Concur Accruals for Fiscal Close](#) Blink page for information on how accruals will be processed this year.

Tip: for Concur, move all card transactions from Available Expenses to expense reports with the Report Header fields populated, even if the travel/event will not take place until after June 30th. This will ensure that the transactions will not get accrued for this fiscal year. If the Travel/Event will take place prior to June 30th, assigning the transactions to an expense report will ensure that the accrual will post against the desired chart string.

Improvements to Concur Commitments Update

In May, we shared the new posting logic for commitments related to Concur travel and event requests ([related announcement](#)). Over the next few weeks, Integrated Procure-to-Pay Solutions' (IPPS) will work on the last step in this process improvement - cleaning up all outstanding commitments for trips and events that have already been closed or reconciled.

Requesting Oracle/Concur Approver Roles (Health vs. Campus Employees)

For UCSD Health employees looking to request Financial Unit Signature Authorization for invoices for Oracle, Concur and/or Premier systems, please complete the request on the Health Supply Chain service portal. Doing so will authorize signature authority across all systems. The policy as well as the instructions to request, modify or remove signature authority can be found at this [link](#).

Campus Employees who are seeking Oracle/Concur Approver Roles, please continue to use the [Oracle & Concur Role Request form](#) in Services & Support. For step-by-step guidance on how to request Concur approver roles, please reference this [KBA](#). For more information on requesting additional roles, please review the [How to Request Oracle and Concur Roles](#) KBA.

IPPS Advisory Committee Applications Open

Starting today, we are opening up our IPPS Advisory Committee (IAC) to evaluate membership for the next fiscal year. This committee, attended by several IPPS representatives including our Directors of Procurement and Disbursements/Travel, was originally established to work through ESR changes, enhancements and roadblocks. The committee meets every other Friday, 11:00 AM - 11:45 AM. IPPS uses this time for:

- Working through enhancement ideas
- Discussing problems or roadblocks we're experiencing and potential solutions
- Previewing upcoming developments before they're launched
- Reviewing complicated situations surfaced by IAC members which we either work out in the moment or follow-up with resolution after the meeting.

Membership in the IAC is a year-long tenure where members are asked to actively engage in discussions, bring a positive solution-oriented attitude, and participate in posting in the Teams Community of Practice. Posts would include tips and tricks, articles, and Blink pages. Occasionally, you might join focus groups or be asked to help us with escalated client issues that we're having difficulty navigating. If you have interest in being a part of this committee, please [fill out our IPPS Advisory Committee interest form](#) by 7/14.

Campus Budget Office Updates

Clear Legacy Fund Balances with a SOFI Swap

With the implementation of the Simplified Operating Funds Initiative (SOFI) in FY2016, most departments across campus now operate with SOFI as their main Core Operating Fund (13991). However, in the Oracle transition, some legacy index balances were inadvertently carried over in fund numbers such as:

- 19900-State General Fund
- 14000-Tuition
- 10950-Federal Contracts and Grants ICR
- 13050-Opportunity Fund
- 19933-Federal ICR (General Fund Portion)
- 19942-Nonresident Supplemental Tuition

The Campus Budget Office can assist with clearing these fund balances (whether positive or negative) via a SOFI swap journal. Please [submit a ticket](#) to CBO by selecting Budget & Planning > Fund Transfers/Allocations > CBO Resource Allocations and include **SOFI Swap** in the Subject Line. Please provide the following:

- Full **Legacy Fund** chart string and \$ balance to be transferred
- Full **SOFI-13991** chart string to send/receive the fund swap

Note - If there are current year expenses posting to the Project/Task linked to the legacy fund #, please process Cost Transfers prior to requesting a fund swap for the remaining balance. This may also include updating payroll, recharges and other transactions that are pointing to the legacy Project/Task so that additional expenses don't continue to post in the future.
