BI & Financial Reporting Updates

Oracle BI Reporting Center

- Users can now select reporting on departmental reports and the related project number.
- Project Information Lookup, a new report available for financial reporting, provides information for COA and POA.

Help make this lookup tool great!

- Article (KB0033040): Project Information Lookup

Oracle Report Roadmap

- Additional reports or report enhancements will be made available via reports.ucsd.edu and new links will be provided.

Over the next few weeks you will see some changes to the overall end user strategy for Oracle BI Reporting at UCSD. In the meantime, if you are using bookmarks, favorites and saved links may no longer work. All report access will now be made available via reports.ucsd.edu and new links will be provided.

Oracle PPM Cost Transfer Feature Launches December 21

- This report provides information for COA and POA values for projects and awards, contract or task number.
- The report, please refer to Knowledge Base Article (KB0032893): Building and using the Financial Information System Go-Live.
