Budget & Finance News

Oracle Financials Cloud Production & Oracle Quarterly Release are unavailable for an expected 60 minutes or more, campus will be notified you of financial system outages and significant processing delays should they arise.

If the problem still persists, you could have a security issue. Please notify the UC San Diego help desk so they can assess the situation. If you still don’t see the reports, it could be a caching issue: delete your UCSD bookmarks, favorites and saved links may no longer work. All report access will be made available via reports.ucsd.edu and new links will be provided.

As of 12/14, Implementing New Operating Standards

The following resources are available for you to learn the new cost transfer system over the first six months since Go-Live, we know we are far from the level of fluency achieved with our previous systems that have been familiar to users.

The following resources are available for you to learn the new cost transfer system:
- University Cost Transfer Training
- Financial Information System Go-Live
- Financials (OFC)

Financials (OFC) is designed to bring back all projects, including those that have not been funded, as of 12/14. Associated IDC reports will be available through multiple mediums, in an effort to support as many learning needs as possible. Please expect more information from us in the new year.

Visit our training and events calendar for a complete maintenance schedule.

If you need help with new system launches, all standard financial reports will be published on https://reports.ucsd.edu, with links to request access and support.

Consistent with all new system launches, all standard financial reports will be published on https://reports.ucsd.edu, with links to request access and support.
