If you still don't see the reports, it could be a caching issue: try refreshing your browser. If you are using FRC as a primary way to view reports, the below helpful tip is for you: if you are using the report, please try refreshing your browser. If the problem still persists, you could have a security issue. Please try clearing your browser's cache or using a different browser.

Oracle reports will be visible. As of 12/14, we are working on implementing new operating standards in an ongoing effort to protect your production reports. Please be advised that system maintenance will be made available via reports.ucsd.edu and new links will be provided.

Fix it:
