If the problem still persists, you could have a security issue. Please notify us via the Portal.

Oracle Financials Cloud Production & Oracle Quarterly Release

Over the next few weeks you will see some changes to the overall end user experience. Bookmarks, favorites and saved links may no longer work. All report access will be through the browser, as of 12/14.

Oracle PPM Cost Transfer Feature Launches December 21

Implementing New Operating Standards

In preparation for this new feature, members of OPAFS teamed up to process a large number of cost transfers in OFC. The system changes are in favor of users to initiate transfers for transactions from Project to Project, Cost Center to Cost Center, and Accounting Distribution to another project.

Unable to see Reports in the Oracle Financial Reporting Center (FRC)

The table that supports the list you see in FRC sometimes gets out of sync. To fix it:

1. Navigate to where the report should be
2. Click on Navigate > Applications > BI Catalog
3. Search for reports
4. Click on the report
5. Click on Edit Panel > Settings > Clear browsing data
6. Click on Learn about clearing data
7. Click on Learn about clearing browsing data

My report is broken, what should I do?

Many one time transitional issues impacting financial processes and reports have not had accounting posted against them, and even those without an accounting distribution contributed to the problem.
