Renowned Mason scientist recognized for climate research

Dr. J. Shukla and his wife Anastasia Shukla.

In 2020, Shukla and his wife established the Jagadish and Anastasia Shukla AOES Scholar’s Fund in Mason’s College of Science to continue their contributions and philanthropy.

In 2022, Shukla was honored with the Outstanding Alumni Award in the Department of Atmospheric, Oceanic and Earth Systems Sciences. The award was presented in recognition of his work and research leadership in atmospheric sciences and climate change.

This note was shared in the Commencement program for the Class of 2022. Click the link to read more.

Best of luck in what lies ahead. We hope to see you again at one of our upcoming events and welcome you to the Mason community.

We invite all alumni, friends and family members to join us at the Commencement Program for the Class of 2022 on May 13, 2022. There is always a sense of pride as we celebrate our graduates’ accomplishments - and futures - of these scientists of tomorrow.

There are many ways to stay connected to your alma mater, connect with other alumni, and be a part of the Mason community.

Learn more about networking, mentorship, volunteering, and other opportunities we as an alumni chapter work to make available for you. If you have ideas, please share them with us.
