Kevin (Sensei Oh) is the definition of going above and beyond. Not only does he coach Judo, but he also teaches K10 Judo, coaches Mixed Martial Arts, and teaches a variety of martial arts classes. He is always there to help and support the students, and his dedication to the sport is truly inspiring. He is an excellent role model for all of the students and is truly deserving of this recognition. The students say from day one he makes you feel appreciated of her strong leadership and ability to put a smile on everyone's faces.

Mary is one of those people who always goes above and beyond to make sure everyone is taken care of. She is an incredible leader and is always looking for ways to improve. She cares about the future of the Club and wants to find ways to improve. She is an incredibly hard worker. She balances school, work and coaching and wants him to know it doesn't go unnoticed. He cares about the whole person and always been there for them. His dedication to help the students not only at practices but also outside to create a community is what makes him more than just a coach. He is an incredible coach and someone who the students feel strongly has put the effort in, anything is possible. When COVID-19 cancelled Judo for the student-athletes, she made sure that they were still able to stay active and get their workouts in. She helped them find Zoom workouts from home. She creates a welcoming, inclusive and fun experience for anyone looking to join with little to no skills.
