COVID-19 Update

June 10, 2022 • coronavirus.uoregon.edu

What You Need to Know

This week’s FAQs by OArts Council Director Molly Myrick concerns the Centers for Disease Control (CDC)’s Community Level for COVID-19 in Lane County moved to High. Due to the elevated risk level, the UO recommends individuals wear masks indoors when around other people. For FAQs, visit coronavirus.uoregon.edu.

In addition, it is recommended that you get tested if you’ve tested positive or vaccinated in COVID-19.

We want to remind you of the personal preventative strategies you can take to reduce your risk of COVID-19 and the campus resources that are available:

Personal Precautions

- Consider wearing a mask while indoors and near others.
- Wash your hands fully and frequently.
- Get tested. COVID-19 testing is available on campus through the UO’s Monitoring and Assessment Program (MAP), Free home tests are available through the CDC.

The UO is continuing to provide the following COVID-19 resources:

- KN95 masks on campus for students and staff.
- MAP Testing for UO and Lane County community members.
- Corona Corps. Resources, support, and guidance for students affected by COVID-19.
- Reporting and tracking guidance for students and employees about next steps if they have symptoms, or have been exposed to COVID-19.
- Boosters: For employees the COVID-19 booster program will be extended through June 30, 2022. Eligible employees with their summer booster tested on July 1, 2022.
- For employees the COVID-19 booster program will be extended through June 30, 2022. Eligible employees with their summer booster tested on July 1, 2022.
- The UO continues to monitor the situation on our campus and in our community. We are working with local public health authorities to inform future decisions and policies.

COVID-19 Data

Community Level: Current COVID-19 Community Levels can be found on coronavirus.uoregon.edu and are updated Monday through Wednesday evenings. Community levels are a combination of metrics including new cases and hospital data.

COVID-19 Testing

COVID-19 testing is available through the UO’s Monitoring and Assessment Program (MAP). Get tested. We highly recommend you get tested if you have been exposed or have symptoms. Students can get tested at no cost through MAP at the Free Home Test Site. Walking in is welcome, but please bring a valid UO ID and insurance card. Free home testing is also available by appointment.

Travel and Event Testing: Need a COVID-19 test result for travel or entry to an event? MAP is recommended for travel or event testing as results can take 2-4 business days. The University of Oregon, Lane County Public Health, and the Oregon Health Authority recommend testing prior to travel.

More information about wearing and caring for KN95 masks can be found on this webpage.

KN95 masks are available on campus to UO students and employees at the same form used to verify your initial vaccine status. Employees: Fill out this online form. Students: Log in to MyUOHealth and upload a copy of your vaccine card. This is the same process used to upload your original vaccination information.

The UO recommends individuals wear masks indoors when around other people. For FAQs, visit coronavirus.uoregon.edu.
