Hello all!

This month! If you'd like to chat with other students and Center fellows, StudentLife@sa.ucsb.edu is here to help.

Students must complete the following application by February 28th. The Center will invite up to three students from each UC campus to be attended by policymakers, academics, journalists and others from across the country.

The UC National Center for Free Speech and Civic Engagement is hosting its inaugural conference -- Apply to Attend UC Conference in DC

Students are encouraged to attend this event as part of their civic engagement and to explore new opportunities.

Apply to Attend UC Conference in DC

If you're interested in attending the conference, please fill out the application form below.

More Information

For up-to-date forecast information:

High Wind Warning for the UCSB/Isla Vista area.

The NWS has issued a High Wind Warning for the UCSB/Isla Vista area. There is a strong possibility of severe wind gusts over 30 mph.

Emergency Action Plan

In the event of any displacement of residents due to storm events, the UC Office of Student Affairs & Housing can assist you with communicating to your property provider or manager.

California Drought

California's water is running out. The state's water crisis is worsening, with a heavy threat from the snowpack. This winter's storms are the strongest we have seen this month. For more information, please visit the UC Office of Student Affairs & Housing website.

Figure out where to find food in the UCSB/Isla Vista area.

Check out the food options available on campus and in the surrounding area.

Food Pantries and Prepared Meals

For up-to-date forecast information:

Stay away from downed power lines, and do not attempt to remove any downed trees or branches. If your car stalls in a flooded area, evacuate the vehicle as soon as possible and do not attempt to move a stalled vehicle.

Avoid flooded areas and those at high risk of flooding or mud flows, when driving, biking, and walking.

During rain and storms, stay out of the ocean, away from cliffs and beaches, and beach access areas. Unpredictable surf, waves, and high tides can be dangerous.

If you're heading to the beach, be aware of safety information.

Beach Safety Tips
