Hello all! Your property provider or manager.

Concerns about cliff erosion that may threaten the stability of a building in Santa Barbara County Storm Alerts & Resources: All UCSB community members are encouraged to review the UCSB community safety information.

Stay off of balconies and patios during heavy rain and storms. Do not walk underneath cliffs, due to danger of rock falls and slides. Check your property provider or manager.

High tide can be dangerous. Unpredictable surf, waves, and high tides can be dangerous.

Avoid flooded areas and those at high risk of flooding or mud flows, when possible. Do not walk through standing water and look for local road closures.

Do not swim in the ocean for three days following rain because of potentially high levels of contaminants and bacteria in the water. Avoid beaches, and beach access areas. Unpredictable surf, waves, and high tides can be dangerous.

Sanctuary City: The Center is proud to be located in a sanctuary city. UCSB is committed to supporting and protecting all members of our community, regardless of immigration status.

If you currently have questions about your immigration status.

Environmental Justice: Founded to provide research opportunities for students, the Center promotes environmental justice in line with our mission.
