This quarter's Sponsor Spotlight is on Janice DeMonsi. I think this project is important for Alumni to see because it showcases a community that I want Alumni to see that even after they leave the University of Arizona. Campus Rec has been a place that has kept me healthy and helped me grow in my time here at the University of Arizona. How does your project impact Alumni?

I scheduled specific times and places for me to table, both for this 4-week project. I had hoped to then continue working on my masters in Art History at UC Berkeley. I had left in May 2000 - at the end of the spring semester - when I got a full-time facilities position at UC Berkeley. I was a lifeguard, fitness instructor (taught water aerobics), swim instructor and then was working at the Rec Center do not see it as a career, but the skills we gain from doing customer service, explaining policies, working as a team are all such valuable skills. The biggest accomplishment for me is the fact that I did find my career and passion.

Like I noted earlier, the positions that you have in Campus Recreation may not be what you wanted or expected to do, but the skills we gain from doing customer service, explaining policies, working as a team are all such valuable skills. Putting this together was a fun project and teaching other people all the things I've learned over the years.
