**NEW MEMBERS!**

We’d like to extend a warm welcome to our new members!

**2020 OCTOBER MEMBERSHIP MEETING**

The big winners of the evening were Luke Johnson, Hogan Willis, and Sam Cadwallader. Thank you to The Florida Marlins and their generous sponsors, the Miami Heat, and T. Boone Pickens. Check out the article from A Plus Tree’s Consulting Arborist, Sarah Gaskin. Sarah covers common trees and shrubs that go bad.

Trees are a big part of the landscaping and maintenance. It is essential to keep them in good health. Trees can become a problem when they grow too large, are diseased, or are not pruned correctly. Some trees can also be harmful to people and homes if they fall during strong winds or storms. It is crucial to have regular tree inspections to ensure the trees are healthy and safe for the environment.

**WELCOME NEW MEMBERS**

A.O. Reed & Co.

Swift Real Estate Partners

SERVPRO

HOME PERFECT RESTORATION

**Virtual Education classes are back! While the year certainly threw us a curveball, learning and professional development found a way to continue.**

Education classes are back! While the year certainly threw us a curveball, learning and professional development found a way to continue. While some classes were able to move online, others had to find creative ways to keep the learning going. We’re excited to announce that our annual supporting partner, A.O. Reed & Co., is continuing to support our education programs.
