SEPTEMBER NEWS

President's Message | Amber Molina, CommonWealth Partners

In my previous newsletter remarks earlier in the year, I acknowledged that 2020 would be a landmark year. 2020 has certainly lived up to that declaration, but not for any reason we could have ever envisioned. COVID-19 has made our industry navigate uncharted territory, like never before in our lifetime.

By mandate, and careful deliberation by our Board of Directors, BOMA San Diego has “gone virtual” with existing in-person events and meetings, and unfortunately postponed others in the face of the pandemic. While securing our standing as an association is vital, there is nothing more

important than the health and safety of our members.
