"Nothing in life is to be feared, it is only to be understood. Now is the time to understand more, so that we may fear less." - Marie Curie

Dear Friends:

Classes started! The excitement of a new school year is definitely in the air and on our screens.

Welcome Days of Service kicked off on Saturday and yesterday with hundreds of students serving virtually - recording children's books, transcribing Smithsonian and National Archives documents, mapping for community support, and making neighborly reassurance calls to DC seniors. Registration is still open for **workshops!**

And great news! This week *Washington Monthly* released its annual college rankings. GW was ranked 44th among national colleges overall and **we were number 2 for service!**

Washington Monthly rankings are different from many of those you see in *US News* and elsewhere. The rankings focus on how well colleges serve the country, including through social mobility, research, student activism, and service.

The service score includes the number of students in community service Federal Work-Study, the number going into Peace Corps, military and veteran engagement, matching the AmeriCorps Education Award, and more.

Congratulations to you and to our school for focusing on how we support our country and improve the world!
