## UCPath March Release is LIVE!

The [UCPath March Release](#) projects are now **LIVE** in the UCPath system!

**Note:** Be sure to **clear your browser cache** before logging into UCPath.

### Replace PayPath: Phase 2

- Early adopters from the Central Offices will now be able to submit rehires, intra-location transfers, retirements, and additional termination reasons within the [Manage Job tile](#).
- If you currently have access to PayPath pages today, **continue to use PayPath and Smart HR Templates**.

### Annual UCPath Upgrade

- UCPath and MuleSoft have been updated to the latest versions (PUM 47 and MuleSoft 4.4).
- A new Additional Notes feature will be available within the **Manage Job tile** to show the total number of notes available for a job. This functionality will only be available to Early Adopters from the Central Offices.

As a reminder, the [New Employees Case Submission Form](#) project implementation has been **postponed**. A new timeline will be shared once available.
