April 28, 2023 | 3 to 10 p.m. | Lot A and L, Fairfax Campus

Cultivating spring STEM community connections

Are you planning to pursue a graduate degree in STEM? Are you a first-year STEM student? If so, you may be eligible for the National Science Foundation Graduate Research Fellowship Program, which provides funding to support research and education in the STEM fields. NSF GRFP Information Sessions will be held on Wednesday, April 26, 2023.

In accordance with the Commonwealth of Virginia Office of the Governor, Executive Order 41 (2019), this training is required annually for all Mason faculty and staff. Training will take approximately 45 minutes. If you must step away from your computer or device during training, please save/bookmark training to ensure credit.

Teaching a diverse student population is a fundamental expectation of all faculty and staff at George Mason University. In accordance with the Commonwealth of Virginia Office of the Governor, Executive Order 41 (2019), this training is required annually for all Mason faculty and staff. New funding opportunity available for Anti-Racist and Inclusive Teaching space. New grant money is available for efforts supporting Faculty Capacity Building and Racism and Inclusive Teaching (ARIT).

Funding will provide support and opportunities for students interested in research projects that explore how climate change is impacting human health and the environment. Mason researchers explore the intersection of health and climate change and how to address these challenges.

The Virginia Climate Center works with state, regional, and federal partners to provide information about climate change and its effects on Virginia. They provide decision-making tools and climate adaptation and mitigation strategies.

Proposals must be submitted by April 28, 2023.

Visit science.gmu.edu to submit your proposal.

Dr. T. Reid Spanberger visited George Mason University to introduce $1 billion Mason Now campaign to constituents to collectively support our shared community. She also met with Mason AOES professor Dr. R. Christian and elected officials from around the Commonwealth, President Gregory Washington announced the launch of $1 billion Mason Now campaign website.
