What does it take to be a top scientist?*

When asking that question, you might get many answers: winning a Nobel Prize, editing your sector's top scholarly journal, being identified in the 2% top global scientist citations, crafting policy that saves a species, directing a multidisciplinary research collaboration, having a theorem named after you, or perhaps helping many thousands of students realize their own true scientific potential.

When Mason scientists' colleagues at the National Science Foundation's internal professor recognition program asked, they received special recognition and ESP faculty recognized College of Science faculty and staff for their service during the 2020 calendar year. In addition to the many prizes won, 14 staff also received the Career Achievement Award. rainald lohner

Additionally, early Christmas presents for Mason's Forensic Science students were delivered with a $2 million Department of Justice grant that will help Mason create a forensic science program.

*The Edward R. Murrow College of Communication's 2020 College of Communication Alumni Awards Celebration is Friday, January 8, 2021.
