February

the future of the HSE workforce. Watch the 2019 Student Grand Challenge presentations addressing a significant Homeland Security issue.

•

Working with the DHS Science and Technology Directorate the RFP open period (June 2020 – June 2021). An opportunity for submissions to be accepted at any time during CINA continues to welcome.

Distinguished Speaker Series

2021 COE Summit

DHS COE Student Grand Challenge

The Department of Homeland Security (DHS) Science and Technology Directorate (S&T) is seeking proposals from small businesses to develop innovative concepts and solutions for homeland security challenges. Proposals will be evaluated based on their technical feasibility, innovation, and potential to address a homeland security need. Funding will be provided through Small Business Innovative Research (SBIR) awards.

Criminal Investigations and Network Analysis (CINA)

Criminal Investigations and Network Analysis (CINA) is a program of the DHS Science and Technology Directorate (S&T). CINA conducts research and developements related to six critical areas: Cybersecurity, Cynical Intelligence, Counterterrorism, Counterproliferation, Counterintelligence and Forensics. CINA research portfolio.

CIA’s Director talks in-depth about how technology and threats evolve rapidly in today’s ever-changing environment. The Department

Network with the next generation of DHS professionals through CINA’s renowned Centers of Excellence (COE) Summit this May.

Asthma and Respiratory Health

The Centers for Disease Control and Prevention (CDC) and the Environmental Protection Agency (EPA) released a new report titled “Asthma and Respiratory Health.” The report highlights the impact of environmental exposures on respiratory health and provides recommendations for improving public health outcomes.

Join for law enforcement agencies handling cryptocurrencies. The impact of COVID-19 on the economy, security and transnational organized crime in the Americas.

Governance of Digital Assets
