IN THE NEWS

Mason’s COVID-19 scent research aims to help people stay safe

With COVID-19 continuing to spread throughout the world, researchers at the George Mason University School of Integrative Biohealth Innovation, are working to answer that call with their research on volatile organic compounds (VOCs) for infectious disease detection.

Join the Department of Environmental Science and Policy’s virtual seminar series and hear from Dan Herrera, Ph.D., faculty in the department, as he discusses “Cat’s Out of the Bag: Risks to and from free-roaming domestic cats.”

October 22, 2021 | 3 to 4 p.m.

Join us to hear keynote speaker Allen Muketela, 2021-22 Fellow from Namibia in the Community Solutions Program, in discussion with A. Alonso Aguirre, Chair, Environmental Science and Policy, and Shaazka Beyerle, Senior Fellow at TraCCC.

October 27, 2021 | 1:30 to 3 p.m

The one-hour town hall will provide a brief ‘state of the university’ update and discuss how unit goals and objectives are established and how the Mason community can contribute.

November 4, 2021 | 2 to 3 p.m. | Merten Hall 1201

Mason sustainability office hosts Webinar Series on Sustainable Philanthropy

George Mason University’s Office of Sustainability and the Mason Community Foundation will host a series of webinars focused on sustainable philanthropy.

The series will give an overview of potential funding sources, best practices in sustainable philanthropy, and ways that donors can support Mason.

October 26, 2021 | 3 to 4 p.m.

Submit feedback

The university community is invited to provide feedback on their thoughts and suggestions on the full draft of Mason’s Quality Enhancement Plan by October 29, 2021.

The Quality Enhancement Plan (QEP), Transformative Education and Inclusive Excellence Plan, will support Mason’s efforts to foster an environment of inclusive excellence and student success.

More on Colchao

The College of Science is a proud sponsor of these events, which support our priorities noted in our Inclusive Excellence Plan.
